

A Cathedral Community Day

at

The Pilgrims' School

on

Sunday 16th October 2011

The Purpose of the Day

There is much to celebrate about our Christian faith and the opportunities that the Cathedral has for mission and ministry. The Community Day this year is about celebrating and sharing good news so that we are ambassadors both for Christ and for our Cathedral. It is an opportunity for Chapter to share some of the good things going on and for all of us to reflect on the things we value most about the Cathedral's life. This year we welcome the Bishop of Southampton for the afternoon to listen to our hopes and aspirations and then to share his own reflections.

The Community Day is a valuable opportunity for us to give time to one another and grow as a Cathedral family. I do hope you will join in the Community Day.

James Atwell
